Lost or Stolen Device[1]

Key Actions

Install Prey on all your mobile devices.

Report any thefts of Duke-owned equipment to the Duke Policy Department.[2]

Then let the IT Security Office about University-owned equipment at security@duke.edu[3] know for University equipment or the iso[4] know for Duke Health equipment.

What to do if your phone or laptop is stolen

If a Duke-owned or personally owned computer has been stolen, report the theft to the Duke PoliceDepartment[2] as soon as possible.

If a Duke-owned computer containing sensitive restricted data has been lost or stolen, immediately notify the appropriate institutional IT Security Office: security@duke.edu[3] for University computers or iso[4]@mc.duke.edu[4] for DCRI or other Duke Health organizations.
